

A person is shown in silhouette, meditating in a lotus position on a dark, rocky ledge. The background is a vibrant sunset sky with a full moon in the upper left. The sky transitions from deep purple and blue at the top to bright orange and yellow near the horizon. The person's hands are resting on their knees in a mudra. The overall mood is serene and contemplative.

# Law of Karma

## Power Point Presentation

By

Colonel P Ganesan, VSM

Karma is the Sanskrit word for action.

It is equivalent to Newton's law of 'every action must have a reaction'.

When we think, speak or act we initiate a force that will react accordingly.

This returning force maybe modified, changed or suspended, but most people will not be able eradicate it.

# The Law of KARMA

This Universal Law states that nothing happens by chance or outside the Universal Laws. Every action has a reaction or consequence and we "reap what we have sown."

What goes around comes around

# Lesson of Time- KARMA

**When a bird is alive.. It eats Ants.**

**When the bird is dead..Ants eat the bird.**

**Time & Circumstances can change at any time.**

**Don't devalue or hurt anyone in life.**

**You may be powerful today. But remember.**

**Time is more powerful than you!**

**One tree makes a million match sticks...**

**Only one match stick needed to burn a million trees..**

*So be good and do good.*

# LAW OF KARMA

- Karma teaches us to take self responsibilities.
- Karma is not punishment.
- Karma is not "FATE" , we have always choice.
- Karma gets burnt & destroyed in the fire of "WISDOM" lord Krishna.
- For every action, there is equal & opposite reaction.
- Karma is worked out step by step.
- Karma shapes our individual characters.

The law of karma is neither fatalistic nor punitive; nor is man a hapless, helpless victim in its bonds. God has blessed each one of us with reason, intellect and discrimination, as well as the sovereign free will. Even when our past karma inclines us toward evil, we can consciously tune our inclination towards detachment and ego-free action, thus lightening the karmic load.
